Transferred Courses

Students wishing to transfer Math, Science and Engineering courses from other institutions *must* see the Program Head of Civil Engineering in their first term of residence at SFSU. If you haven't yet done your transfer credit evaluation with the Program Head, you may not be able to enroll for courses, *so do it now!* Students transferring from California institutions just need to bring in their transcripts and this worksheet. Transfers of courses from other institutions are evaluated on a case-by-case basis. Students from these institutions should bring all relevant supporting material, including course syllabi, books, etc.
