

LEAD THE WORLD, STARTING WITH CALIFORNIA

We are happy to announce the STEAM Student Showcase

OCTOBER 5 – 15, 2023 · OC FAIR & EVENT CENTER · COSTA MESA, CA

The Showcase provides an opportunity for high school and college students to create sustainability-themed structures and exhibits for the inaugural Orange County Sustainability Decathlon.

We aim to inspire a new generation of Californians to reimagine sustainability solutions. This is an opportunity for students to display their work at a major public event that tens of thousands will attend.

Full applications are due March 29, 2023. Funding and grant opportunities are available.
